

NATURAL RESOURCES AND ENVIRONMENTAL PROTECTION ACT (EXCERPT)
Act 451 of 1994

***** 324.21102 THIS SECTION IS REPEALED BY ACT 451 OF 1994 EFFECTIVE UPON THE
EXPIRATION OF 12 MONTHS AFTER PART 215 BECOMES INVALID PURSUANT TO SECTION 21546
(3) *****

***** 324.21102 THIS SECTION IS AMENDED EFFECTIVE MARCH 29, 2017: See 324.21102.amended

324.21102 Underground storage tank system; registration or renewal of registration; exemption; notification of change; indication of materials stored; tests; forwarding copy of registration or notification of change to local unit of government; registration fee; deposit of fees; rules; exemption; notification of closure or removal; continuation of fees.

Sec. 21102. (1) A person who is the owner of an underground storage tank system shall register and annually renew the registration on the underground storage tank system with the department. However, the owner or operator of an underground storage tank closed prior to January 1, 1974 in compliance with the fire prevention code, Act No. 207 of the Public Acts of 1941, being sections 29.1 to 29.33 of the Michigan Compiled Laws, and the rules promulgated under that act, is exempt from the registration requirements of this section.

(2) A person who is the owner of an underground storage tank system shall register the underground storage tank system with the department prior to bringing the underground storage tank system into use. Additionally, an installation registration form containing the information required by the department shall be submitted to the department at least 45 days prior to the installation of the underground storage tank system.

(3) The department shall accept the registration or renewal of registration of an underground storage tank system under this section only if the owner of the underground storage tank system pays the registration fee specified in subsection (8).

(4) Except as otherwise provided in subsections (5) and (6), a person who is the owner of an underground storage tank system registered under subsection (1) or (2) shall notify the department of any change in the information required under section 3 or of the removal of an underground storage tank system from service.

(5) A person who is the owner of an underground storage tank system, the contents of which are changed routinely, may indicate all the materials that are stored in the underground storage tank system on the registration form described in section 21103. A person providing the information described in this subsection is not required to notify the department of changes in the contents of the underground storage tank system unless the material to be stored in the system differs from the information provided on the registration form.

(6) Except as otherwise provided in section 21103(2), a person who is the owner of an underground storage tank system registered under subsection (1) or (2) is not required to notify the department of a test conducted on the tank system but shall furnish this information upon the request of the department.

(7) Upon the request of a local unit of government in which an underground storage tank system is located, the department shall forward a copy of registration or notification of change to the local unit of government where the underground storage tank system is located.

(8) Except as provided in section 21104(3), the owner of an underground storage tank system shall, upon registration or renewal of registration, pay a registration fee of \$100.00 for each underground storage tank included in that underground storage tank system. The department shall deposit all registration fees it collects into the fund.

(9) The department may promulgate rules that require proof of registration under this part to be attached to the underground storage tank system or to the property where the underground storage tank system is located.

(10) Except as otherwise provided in this subsection, an underground storage tank system or an underground storage tank that is part of the system that has been closed or removed pursuant to rules promulgated under this part is exempt from the requirements of this section. However, the owner of an underground storage tank system or an underground storage tank that is part of the system that has been closed or removed shall notify the department of the closure or removal pursuant to rules promulgated by the department. The owner of an underground storage tank system shall continue to pay registration fees on underground storage tanks that have been closed or removed until notification of the closure or removal is provided on the required form pursuant to these rules.

History: 1994, Act 451, Eff. Mar. 30, 1995.

Compiler's note: For transfer of powers and duties of the department of environmental quality under the aboveground storage tank program from department of environmental quality to bureau of fire services, department of licensing and regulatory affairs, see E.R.O. No. 2012-7, compiled at MCL 29.462.
